JUST RAM IT!®

ABOUT RAM MOUNT

RAM is the revolutionary universal ball and socket mounting system that allows you to mount practically anything anywhere. Unlike other GPS mounts and laptop mounts on the market, RAM allows you to mount GPS devices, laptops and tablets where you need them most. Whether its in an aircraft, automobile, boat, ATV, truck, snowmobile, farming vehicle, motorcycle, fork lift or any other situation, RAM's family of more than 1500 interchangeable mounting accessories will offer you solutions to your most challenging mounting problems. If you need to mount a GPS, laptop, pda, tablet, radar, camera, light, computer, cellular phone, speaker, mirror, antenna, or just about anything else look no further. RAM Mount will help you make a professional job easy and affordable. RAM Mounts are unique in design, providing easy installation, mobility, strength, versatility, vibration protection and durability, all at a low cost. RAM Mounts are backed by NPI's renowned Lifetime Warranty which makes them the mounting systems of choice. To provide light weight strength and corrosion resistance, RAM Mounts are made of marine grade aluminum with a powder coated finish, stainless steel hardware and rubber balls. Recognized and accepted by the U.S. Patent Office, RAM is the only universal ball-and-socket system that holds tremendous amounts of weight in high vibration applications for military, commercial and private use. Look further into our web site and see the newest mount products and learn more about this revolutionary mounting system that is quickly becoming the industry standard. Remember when faced with a difficult mounting situation, Just RAM It!

SIMPLE AS 1, 2, 3, 4

Customizing your RAM Mount is quite simple. First, choose a mounting base; this is based upon the location where you will be mounting. Second, choose a double socket arm, ranging from short, standard to long sizes. Third, choose a top base that will be mounted directly to the cradle. Finally, choose your cradle or Aqua Box.
