RAM® Tough-Claw™ Double
Ball Mount with Universal
Action Camera Adapter

ABOUT RAM® MOUNTS

RAM® Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

THE RAM® DIFFERENCE

PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities— including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

NATIONAL PRODUCTS INC. (NPI)

Introduced in 1995, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

PARTNER WITH RAM® MOUNTS

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

HOW IT WORKS

DOUBLE BALL MOUNTS

Choose from a selection of holders, socket arms and ball bases to build a custom mount for your specific needs. Additional bases may be chosen so that your mount can support multiple devices, or can be transferred to alternate mounting locations.

1

CHOOSE A HOLDER

RAM® offers a wide selection of holders for your specific device.

2

CHOOSE AN ARM

Select an arm based on your desired length and placement.

3

CHOOSE A BASE

Select from a variety of bases to help secure your device where you need it.

Double ball and socket technology allows for near-infinite adjustability of your RAM® mounting system

Highly adjustable

Vibration damping

GENERAL RULE

B Size ball & socket mounts are recommended for handheld devices, phones, GPS, and small tablets

C size ball & socket mounts are recommended for larger, heavy duty tablets, and are used in the RAM® No-Drill™ laptop mounts

HOW IT WORKS

RAM® NO-DRILL™ VEHICLE MOUNTS

Vehicle mounting solutions from RAM® Mounts are the top choice for securing laptops, tablets, add-ons and more. Our No-Drill™ vehicle bases are easy to install using only the existing seat bolts to your specific vehicle. We have many vehicle bases to choose from that fit seamlessly in your specific car, truck, or van—universal options for all other vehicles. These mounting solutions have become a popular choice for tablet mounting using the large tablet screens for navigation and in-vehicle entertainment.

UTV MOUNTING TOP SOLUTIONS

With popular clamping mounts such as the RAM® Tough-Claw™ and UTV hose clamp rail base, you can mount just about any device to your UTV. Locate the optimal section of your roll cage and simply clamp on one of these popular rail bases. Since most UTVs do not come equipped with GPS, mounting ruggedized tablets are ideal when navigating the trail. In addition, our trusted partners, Double Take Mirror, have developed RAM® Compatible™ mirrors to attach to your UTV, ATV or dirt bike for a full adjustable mirror system.

Accommodates most common rail and bar sizes on UTVs and ATVs

ATV MOUNTING TOP SOLUTIONS

Much like motorcycles, ATV mounting is ideal with clamping mounts and the RAM® U-bolt base. Pair your desired device and holder such as a GPS, phone or rugged tablet. One of the best benefits of the RAM® Mount system is being able to transfer your device holder to another RAM® Mount on another vehicle. That way you can equip all your different vehicles with a RAM® Mount so you only need a holder for your devices to swap them how you like.

Holder secures any Garmin handheld device with an integrated spine connection

This socket technology allows for almost infinite adjustment and perfect viewing angles.

MOUNTAIN BIKE MOUNTS

RAM® TOUGH-STRAP™

The RAM® Tough-Strap™ is lowest profile rugged mounting solution for any bike or motorcycle handlebars. With two different size straps, easily install the RAM® Tough-Strap™ on any mountain bike, road bike or e-bike with a simple twist of a knob. There are two different versions of the RAM® Tough-Strap™ both utilizing the RAM® Pin-Lock™ system for a direct, low-profile fitting, and the ability to attach a RAM® ball adapter taking advantage of other B size components. The long strap is used for bar diameters ranging from 1.25"-1.38" while the short strap is used for diameters ranging from 0.875"-1". Utilize the extra rubber strip to cut down to the diameter range of 1"-1.125" for a more custom fit. Take the RAM® Tough-Strap™ on your next adventure on and off the road.

ARMS

Black arms available in short, standard and long sizes, RAM® Mounts B size double socket arms accommodate 1" ball bases. RAM® ball and socket technology allows for near infinite adjustability.

Almost all RAM® Mounts you've seen have likely been all black. But our chrome double socket arms—available only in B size (1") - are the perfect match for motorcycle handlebars.

The double socket swivel arm consists of two 1" open ball sockets with a 360 degree rotation point at the center of the arm. With the multi-pivot arm, a connected swivel joint rotates 180 degrees.

- 1 Center bolt bridges the gap between both halves of the socket arm
- 2 This socket technology allows for almost infinite adjustment and perfect viewing angles.
- 3 A single spring inside the medium and long arms open the end sockets, allowing you to pivot the ball and socket connection.
- 4 Stainless steel and nylon washers ensure smooth and secure friction when tightening your mount.
- 5 High strength knob with brass threading keeps your mount tight for the long term.
