

RAM MOUNTS®

PUBLIC SAFETY

WELCOME TO THE

Connected Response Team

Public safety demands technology that performs without hesitation. That's why we created the Connected Response Team—a commitment to keeping mission-critical devices connected, protected, and exactly where they're needed across dispatch, EMS, and field operations. By pairing the most reliable mounting solutions with trusted technology partners, RAM® supports seamless communication and confident response when it matters most.

**CONNECTED
RESPONSE TEAM**

Device

Every journey starts with a device. With it, the new age of the connected worker is possible.

Apple **SAMSUNG**

sonim® **Siyata**

 **ZEBRA** **brother®**

Panasonic *Getac*

Software

Industry standard software ensures compatibility across the device and docking station.

GDS® Tech™

Enable a highly mobile workforce with powered docking stations and ergonomic accessories.

The Industry Standard

National Products, Inc. has supplied the most rugged and connected mobile device mounting systems on the planet. With the globally recognized RAM® Mounts, award-winning GDS® Tech™ and IntelliSkin® product lines, executing NPI's mission to bring world-class mounting solutions to real-world applications has become essential to success in all industries—we are the industry standard.

**ACCESS TO VEHICLE
DASH FEATURES**

Rotation feature on Friction-Lock™ Hinge Mount allows device to easily move out of sight, keeping controls accessible.

FEATURED SOLUTIONS

RAM® Tough-Bar™

The RAM® Tough-Bar™ delivers a durable, secure, and ergonomic mounting solution for in-vehicle devices. With three secure connection points, built-in collar locks for added protection, and a low-profile design for extra legroom, this upgrade keeps devices front and center at eye level—reducing neck strain while ensuring quick dash access.

FEATURES

NON-INVASIVE

Contours to the center console area, expanding available mounting space for better adjustability, leaving plenty of room for a passenger.

SAFETY-FORWARD

Keeps devices secure and clear of airbags, driver visibility, and vehicle controls.

EASY INSTALL

Attaches to seat bolts or console boxes with anchors to the dashboard for a solid, No-Drill™ installation.

Tailored for Any Configuration

OVERVIEWS AND CAPABILITIES

IntelliSkin®

Each IntelliSkin® delivers a precise form-fit that preserves full access to buttons and cameras, while converting the USB-C port into rugged pogo pin contacts. This unlocks the GDS® Ecosystem™ of vehicle, desktop, and wall docks—plus a full range of ergonomic accessories.

ERGO ACCESSORIES

Each IntelliSkin® includes integrated attachment points for ergonomic accessories like hand straps, shoulder straps, and more.

BUILT-IN LED

Select IntelliSkin® cases have a built-in LED option for situations when you need a flashlight in a pinch.

RAM® SCREEN PROTECTORS AVAILABLE

PORT PROTECTION

IntelliSkin® is the only case system on the market that protects the device port and converts that connection point to ruggedized pogo pads for charging and data transfer.

POGO PIN CONNECTION

Unlock the GDS® Ecosystem™ with a large collection of docks built with either an integrated Distinctive D Shape™ or Rear Pogo Pin connector for a hassle-free user experience that increases efficiency.

EASY TO CLEAN

Flat pogo pads help minimize debris build-up and can be easily wiped clean with a soft cloth to maintain a secure connection with dock pins.

OVERVIEWS AND CAPABILITIES

GDS® Docks™

GDS® Docks™ provide easy and intuitive docking capabilities designed for the demands of public safety. One single docking action immediately connects your device to power, data sync, and network, all while keeping your device protected whether you are in the vehicle, station, command center, or on the go. GDS® Docks™ help ensure your devices stay protected and operational when every second counts.

FUTURE PROOF

All IntelliSkin® and GDS® Docks™ use one of two standardized connectors—the octagon or D-shape—making it easier to upgrade devices without replacing your entire docking setup.

Temperature Control

Locking Versions Available

FAST & CONVENIENT CHARGING

GDS® Docks™ provide easy and intuitive docking capabilities that enhance any public safety fleet. One single docking action immediately connects your device to power, data sync and network.

RELIABLE CONNECTION, RUGGED PROTECTION

By upgrading to the GDS® system, your devices will seamlessly pair across the GDS® Ecosystem™ of vehicle docks, desktop docks, and multi-port charging bays. The pogo pad/pin design enables a streamlined workflow without fumbling for cords—simply dock the IntelliSkin®-wrapped device to charge.

Input Devices

GDS® Tech™ supports peripheral enablement and allows users to connect peripherals directly to their device. With a variety of accessories available in the GDS® Ecosystem™, you can easily swap as the needs of your fleet grow.

EASILY CONNECTS TO YOUR:

KEYBOARD

SCANNER

PUSH-TO-TALK

HUB

PRINTER

MOUSE

EXTERNAL MEMORY

GDS® Tech™ Hubs

With the GDS® Tough-Hub™, keep a wide range of devices, docks, and peripherals charged and connected in nearly any vehicle. Each GDS® Tech™ Hub includes numerous ports—USB, HDMI, RJ45, and more.

RAM-GDS-HUB-TYPEC-01-B

GDS® Tough-Hub™ with USB Type-C for Vehicles

USB-C 3.1 is only available on the GDS® Tough-Dock™ and is required for connecting HDMI and more than two peripherals.

GDS® Uni-Conn™

Compatible with Rear & Bottom Pogo Pads

GDS® Uni-Conn™ is a universal, snap-in docking system that eliminates the need for expensive device upgrades. With just an IntelliSkin®-wrapped device and a GDS® Uni-Conn™ adapter, you're ready to connect seamlessly. When it's time for your next device upgrade, remember: there's only One Dock to Connect Them All™.

UNIVERSAL

GDS® Uni-Conn™ offers a universal snap-in docking system; all you need is an IntelliSkin® and an adapter!

ADAPTERS FOR INTELLISKIN®

Unlock the potential of GDS® Uni-Conn™ by installing the adjustable button adapter (RAM-GDS-U1AU) or standard adapter (RAM-GDS-U1U) to the back of your IntelliSkin®.

SEAMLESS FUTURE DEVICE UPGRADES

When the time comes to upgrade devices in your fleet, a new IntelliSkin® is all that is needed—keep your existing dock.

GDS® Tough-Dock™

RUGGED DESIGN
MODULAR

Compatible with Bottom Pogo Pads

The GDS® Tough-Dock™ is the most protective tablet docking solution, securing the full exterior of an IntelliSkin®-wrapped tablet. Its modular design allows easy upgrades during device refreshes or peripheral updates. Trusted by leading enterprises, it remains the most durable tablet dock on the market.

CUSTOM FORM-FIT

GDS® Tough-Dock™ offers a rugged exoskeleton that protects the back and sides of the device from impact.

USB-C 3.1 available only on GDS® Tough-Dock™

Temperature Control

Located at the back of your GDS® Tough-Dock™ is an empty housing for upgrading your mounting solution. This housing can accommodate various temperature modules provided by RAM® Mounts. Easily install either the RAM® Vent-Temp™, which connects to your vehicle's vents or the RAM® Temp-Right™, which provides regulated heat in extremely cold environments.

RAM® Vent-Temp™

BACK NOZZLE ATTACHMENT

Hot or cold air from your vehicle's air system enters through the RAM® Temp-Right™ nozzle, travels through flexible tube, and exits behind the docked tablet.

RAM-VENT1-RND-50U
RAM® Vent-Temp™ with Back Dock Connection for Round Vents

RAM-VENT1-RCT-50U
RAM® Vent-Temp™ with Back Dock Connection for Rectangular Vents

FRONT NOZZLE ATTACHMENT

Hot or cold air from your vehicle's air system enters through the RAM® Temp-Right™ nozzle, travels through flexible tube, and exits in front of the docked tablet.

RAM-VENT2-RND-50U

RAM® Vent-Temp™ with Front Dock Connection for Round Vents

RAM-VENT2-RCT-50U

RAM® Vent-Temp™ with Front Dock Connection for Rectangular Vents

FEATURES

- ✓ Vent cover attaches directly to circular or rectangular vents using zip ties
- ✓ Hose attachment includes built-in magnets for easy breakaway when not in-use

Case Study

MODERNIZED MOBILE DATA TERMINALS

With nearly 100 active lieutenants, Laramie County Sheriff's Office needed to modernize its mobile data terminals with a solution that was easier to use, more cost-effective, and built to handle demanding field operations. An additional challenge to tackle: Wyoming's intense summer sun that causes iPads to overheat and shut down while vehicles were parked.

THE RAM® MOUNTS SOLUTION

RAM® outfitted iPad Air 13" devices with IntelliSkin® cases, enabling reliable pogo-pin connections for seamless docking. Paired with the RAM® Vent-Temp™ cooling system, the tablets stayed protected from overheating and downtime. GDS® Tough-Docks™ provided secure charging and peripheral support in-vehicle, while a rugged keyboard maintained desktop-style workflows. For integration, a custom RAM® mounting solution for the Ford Police Interceptor maximized cabin space and officer comfort.

GDS® View™

The GDS® View™ 13.3" touchscreen monitor lets you take the PC experience on the road. Create a mobile workstation that takes advantage of the GDS® Reach™ experience for data sync and charging capabilities. The GDS® View™ monitor has undergone MIL-STD-810H shock and vibration testing, ensuring performance in the most demanding environments.

This two-point capacitive touchscreen monitor allows you to pinch, zoom, and select—and includes an anti-glare and anti-fingerprint treatment. Control buttons on the front of the monitor are easy to access, while a red monochrome night mode helps to reduce eye strain. In addition, two integrated 2W speakers allow for audio.

RAM-GDS-CAB-CLAMP4U

GDS® Cable Clamp for 5.5mm DC to DC Barrel Cables

About RAM® Mounts

RAM® Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

The RAM® Difference

PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities— including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

*1-3 year warranty on electronics, including powered docks

National Products Inc. (NPI)

Introduced in 1990, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

Partner with RAM® Mounts

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

Industry Catalogs

If your business goes beyond public safety, there's a lot more to explore with RAM® Mounts. From material handling and agriculture to retail and transportation, each industry catalog offers purpose-built solutions that keep your gear secure and your operations running smoothly. It's a simple way to explore the right mounting solutions for each unique sector of your business—all in one place.
