# About RAM® Mounts

RAM® Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

## The RAM® Difference

### Premium Design

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

### Customizable

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

### Quality Materials

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities— including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

### Lifetime Warranty

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

\*1-3 year warranty on electronics, including powered docks

## National Products Inc. (NPI)

Introduced in 1990, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

## Partner with RAM® Mounts

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

# Welcome to The Connected Highway

For the last few decades, RAM® Mounts has collaborated with the industry's best innovators to build the future of mobility. The key to a mobile workforce combines device, software, and docking solution. That's why we created The Connected Highway — a commitment to making the most reliable and affordable device mounts, paired with the best solutions providers in the world. Every day our engineering teams look for ways to optimize product performance to seamlessly integrate into one another, making the lives of drivers all around the world easier, and business logistics scalable.

**CONNECTED  
HIGHWAY**

## Device

Every journey starts with a device. Without an ELD, the new age of the connected worker isn't possible.

### Software

Industry standard ELD software insures compatibility across the device and docking station.

### Docking Station

RAM® Mounts ties the entire solution together with a wide variety of device specific powered docking stations.

# Transportation & Logistics

When deploying thousands of ELDs, purchasing the right dock should be a no-brainer. That's why RAM® offers turnkey, rugged, cost-effective mounting solutions for ELD compliance. Depending on what device you are deploying, RAM® will either have the right solution ready to go, or build the right kit for you. Take advantage of upgrades like peripheral support, add-on accessories, and the award winning GDS® Tech™ for connective longevity and reliability.

# Last Mile Delivery

Delivery companies rely on long-lasting powered docking stations that keep devices charged and can withstand numerous docking occurrences throughout a long day. To build confidence with our customers, each RAM® dock is cycle tested to ensure upwards of 100,000 insertions throughout each device's life cycle. RAM®'s commitment to becoming the industry standard means supporting all the newest devices paired with the continued promise of a lifetime warranty on all mounting components.

## New RAM® NFC Reach™

RAM® Mounts takes NFC scanning to the next level with the brand new RAM® NFC Reach™ by adding an NFC repeater to your Samsung Galaxy Tab Active3. With this NFC repeater, tablet operators no longer need to remove the device from its docking station to scan — simply install the repeater on your docking station and give easy access to programs used to track student ridership, vehicle inspections, and more.

# Waste Management

The logistics of waste disposal is a dirty job, and the landscape of the business requires more efficient mobile devices to get the job done. That's why more enterprise businesses have been switching to the GDS® Tech™ platform. The combination of RAM® Mounts, GDS® Docks™, and IntelliSkin®-wrapped devices ruggedize the entire solution — built to withstand this unsanitary work environment. With pogo pin technology being the centerpiece of the GDS® Ecosystem™, trust is well-established once drivers recognize that port protection is the key component to connective longevity.

## New Temperature Control Products

Located at the back of your dock is an empty housing for upgrading your mounting solution. This housing can accommodate various temperature modules provided by RAM® Mounts. Easily install either the RAM® Vent-Temp™, which connects to your vehicle's A/C vents or the RAM® Temp-Right™, which provides regulated heat in extremely cold environments.

### Compatible Docks

Tab Active3 Modular and Low-Profile Docks

Zebra ET4x RAM® and GDS® Docks

All GDS® Tough-Dock™

## RAM® Vent-Temp™ Back Nozzle Attachment

Hot or cold air from your vehicle's air system enters through the RAM® Temp-Right™ nozzle, travels through flexible tube, and exits behind the docked tablet.

### RAM-VENT1-RCT-50U

RAM® Vent-Temp™ with Back Dock Connection for Rectangular Vents

### RAM-VENT1-RND-50U

RAM® Vent-Temp™ with Back Dock Connection for Round Vents

## RAM® Vent-Temp™ Front Nozzle Attachment

Hot or cold air from your vehicle's air system enters through the RAM® Temp-Right™ nozzle, travels through flexible tube, and exits in front of the docked tablet.

### RAM-VENT2-RCT-50U

RAM® Vent-Temp™ with Front Dock Connection for Rectangular Vents

### RAM-VENT2-RND-50U

RAM® Vent-Temp™ with Front Dock Connection for Round Vents

### FEATURES

Vent cover attaches directly to circular vents using zip ties

Hose attachment includes built-in magnets for easy break-away when not in-use

## RAM® Temp-Right™

The RAM® Temp-Right™ heater module regulates device temperatures to maintain functionality in extreme cold environments and contains integrated 11-16VDC hardware charger. Cabin air gets sucked through Temp-Right™ fan and through the module, heating the air up to the right temperature needed for tablet functionality.

# Universal Holders

## RAM® Tab-Tite™ & Tab-Lock™

The RAM® Tab-Tite™ & Tab-Lock™ are rugged, universal tablet holders that are available in locking and non-locking options, can support tablets with or without a case, and can be mounted virtually anywhere. The spring-loaded design makes it easy to insert and remove your tablet while keeping it secure. The RAM® Tab-Tite™ & Tab-Lock™ product lines are future-proof—simply modify the holder with interchangeable top and bottom cups when upgrading your device.
